

# ANBC National 2014 - Thanks for another great year!

Hi All,

A slightly delayed message but this finally brings to a close the results streaming (and the site) for the National 2014! Thanks very much for all the great comments and interaction over the National Show weekend - your thanks are very much appreciated. I'd like to take this opportunity to thank the following group of people for their contributions to this site over the weekend - without their contributions none of this would have been possible as it is a real team effort:

- **Nigel Tonkin, Peter Glassenbury** and the **BCSA** organising committee.
- **Andrew & Maureen Bourne** for once again providing access to all the results you see on this site
- **Rod Turnbull & James Bader** for taking and providing all the awesome pictures you see on this site
- **Carol Gough** for turning the judges words into the text you see on each class results page

A big thanks and congratulations must of course also go out to all the exhibitors as well! It was a real pleasure working with the team bringing the 2014 Nationals direct to you - wherever you are out there!

See you all again next year in Perth! :-)

Cheers,  
Luke.
