Judges Comments:

Judged by: Rod Turnbull & Roy Blair

An interesting class as the Spangle variety requirements are not there in numbers. This variety requires wing markings and spots.

First owned by Troy Family (NSW) is a super big strong, solid Opaline Cinnamon that selected himself. He went straight to the front and was never challenged. He has a lovely face and just a super bird.

Second owned by Matthew Hollyoak (NSW) is a Spangle Opaline and again a big strong, clean bird with a nice soft face but is lacking spots.

Third bird owned by Cedric D'Costa (SQ) is a lovely Spangle Cinnamon Hen with good strength off the perch, good spots and light markings.
